RE: Drummers with Attitude performance at Robert Morris
Apartment Annual Picnic - Child Health Day, Bucks County
Housing Group

Dear Dr. Lee,

On behalf of the parents and the children who attended our 7th Annual Picnic in conjunction with Child Health Day, I want to let you know how much it meant for us to have the Drummers With Attitude perform. For our families living here, the downturn in the economy is a constant way of life that rarely affords the advantages others may have to just enjoy making music. DWA let our children be part of their performance thanks to the talent, skill and enthusiasm of Kevin Traverse and his volunteers. As you can see from the attached photo, this was truly a gift of fun learning and hands on activity, one that we hope will continue on.

As you may know, Robert Morris Apartments are part of the Bucks County Housing Group, a 501 (c) 3 organization that believes that a home is more than a roof over your head. BCHG has been in operation for over twenty years working to service families through housing, food pantries, and supportive programs. The goal at our six sites is to provide the help needed to bring families back to economic self sufficiency. Our work in Morrisville is only possible because of the generosity and support of the community. We wish our services were no longer needed, but until that day comes, we are grateful for the many ways the community finds to shed light into the lives of our families.

Thank you again. We are grateful for Kevin Traverse's group, Drummers With Attitude and their enthusiasm to share their time and talents with us.

Sincerely,

Alex Louden
