

January 30, 2012

Dear Mr. Travers,

On behalf of the patients, families, and staff at The Children's Hospital of Philadelphia, we would like to thank Drummers with Attitude for their wonderful performance on January 26th. The group of students provided an engaging, entertaining, and interactive performance that truly brightened the day of each individual who passed through our atrium. We received so much positive feedback from our staff and families and we would welcome you back at any time.

Having groups like yourself donate time adds to our programming, provides the children with a break in the hospital routine, as well as the opportunity to forget about being hospitalized if only for a short time. One of the primary goals of the Child Life, Education and Creative Arts Therapy Department is to normalize the children's hospitalization as much as possible. It is through ongoing support such as yours that enables us to provide positive experiences that promote the children's development and make their hospital stay more enjoyable. Your generosity helps to contribute to the effectiveness of our program.

Once again, thank you so much for offering your time.

Sincerely,

Natalie Virgilio
Events and Donations Coordinator
Child Life, Education and Creative Arts Therapy Department
